

PLATINUM SOLUTIONS NAMED A FANTASTIC 50 COMPANY BY THE VIRGINIA CHAMBER
Company Recognized for Outstanding Growth

Reston, Va – May 5, 2009 – Platinum Solutions, Inc, a leading systems integrator and developer of custom software for businesses and the federal government, announced today that it has been named a Fantastic 50 company by the Virginia Chamber of Commerce. The award, now in its 14th year, recognizes 50 of the fastest-growing companies in the state.

“It is an honor to have our company’s growth and success recognized by the Virginia Chamber of Commerce,” stated Laila Rossi, CEO of Platinum Solutions. “This is a true testament to the hard work of our employees as well as our dedication to and reputation for providing our customers with innovative solutions that meet their business and mission-critical needs.”

Nominations for the Fantastic 50 were sought statewide from local chambers, economic development organizations, small business development centers and through the sponsors’ networks and the organizations themselves. To be eligible, companies were required to be privately held, with headquarters in Virginia, and to show sales between \$200,000 and \$100 million. They were judged on a four-year sales revenue history.

“These growing companies are proof positive that optimism is very much alive in Virginia’s business community,” said Hugh Keogh, president of the Virginia Chamber. “Small businesses are the very life blood of the Virginia economy, creating jobs necessary to revitalize the Commonwealth following the recent worldwide financial crisis.”

About Platinum Solutions, Inc

Platinum Solutions is an award-winning leader in systems integration and collaborative solutions for improving business and government operations. The company’s custom-built software is based on open standards and an agile methodology, allowing clients to quickly respond to a changing world. This software helps monitor terrorist communications, arrest violent criminals, and improve the safety of prescription drugs. Platinum Solutions customers include the U.S. Food and Drug Administration (FDA), Federal Bureau of Investigation (FBI), and several organizations within the Department of Defense including the United States Navy, United States Marine Corps, United States Army Intelligence and Security Command (INSCOM), the Defense Information and Systems Agency (DISA). Platinum Solutions is a privately owned and operated company headquartered in Reston, VA, with offices in Bridgeport, WV. More information is available at www.platinumsolutions.com
